

APPLICATION FOR MECHANICAL PERMIT & INSPECTION

All Permits and Inspection Fees are required to be paid before work may begin. Failure to pull required permits and pay all fees will result in total Fees being *DOUBLED*, per ORDINANCE # 5-9-11-2. At any time, if the property is "Red Tagged" by the inspector, another inspection will be required. To re-inspect the property, all fees will be required again, prior to work. This application will become the "Original Permit" after completion of paperwork. Original permit will be filed and kept for permanent record.
